

NORSEMAN SITEPRO W-SERIES HEAVY DUTY TENT

NORSEMAN SITEPRO W-SERIES HEAVY DUTY TENT. OUR STRONGEST AND MOST DURABLE TENT.

Construction sites come with high demands: the work is fast-paced and continues through unfavourable conditions. Our welding and utility tents keep your crew working safely and comfortably through harsh weather. Norseman's SitePro W-Series is a durable welding and utility tent designed for longer-term projects on pipeline and construction sites. Fabricated with 14 oz, high tear, flame resistant fabric, the SitePro W-Series tent is designed to withstand rigorous use.

Applications

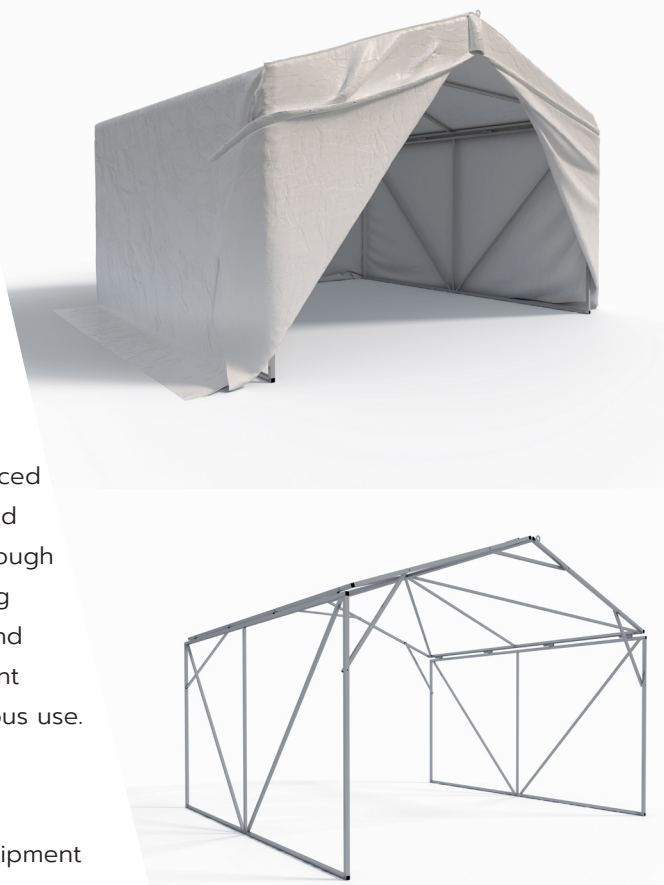

Provide a quick & easy set up shelter to protect workers & equipment from harsh weather conditions

Features

- Vents in the front and back peaks to allow for air circulation and welding fumes to escape, creating a safer work environment.
- Can be easily moved on-site, while assembled, with hooks that are attached at the top of the tent on each end.
- Frame collapses for easy transportation and storage.

Specifications

- The frame is made from galvanized tubing which is lightweight and rust resistant.
- Able to withstand high wind and snow loads when anchored to the ground.

GEAR POINTS: Features specifically designed to ensure Norseman Gear outperforms on your next job-site.

PROTECT

Made with 14 oz. flame-resistant, high-tear fabric, the SitePro W-Series tent is the top-performing tent in our SitePro Utility Tent product line.

WITHSTAND

The strongest and highest performing utility tent in our product line is rugged and able to withstand extreme temperatures and comes with a more robust steel tube frame.

RESIST

Flame resistant, water repellent, mildew resistant and high-tear fabric. The powder-coated steel frame is durable and resistant to corrosion.

FIT

Available in a range of sizes from 8'x8' to 12x'12'.

DELIVER

The highest level of protection from the elements with a fabric cold-crack rating of -45°C.
