

NORSEMAN A/C EXHAUST TILE & DUCT

A/C EXHAUST TILE & DUCT. **BRIGHTER.** **COOLER. STRONGER.**

Norseman Portable A/C Exhaust Duct & Tile is an all-in-one indoor A/C exhaust gear system designed for high performance. Made from tear-resistant Advanced Woven Coated Polyethylene (PE) fabric, this solid-tube duct has a smoother, more efficient quieter airflow. The coated fabric stays white & bright with every use and won't discolour over time. We've made this duct easy to use: its wider cuff and integrated cinch strap make it easier to handle, and don't require any additional tools to connect to your duct.

Pair it with our new pair it with our lightweight ABS, and FR rated ceiling tile. , with an innovative step flange design that is taller in height and features a deeper flare to better secure duct to the tile. Giving you a reliable and secure connection.

A/C Exhaust Tile & Duct is *GEAR2PERFORM*.

GEAR POINTS:

Features specifically designed to ensure Norseman Gear outperforms on your next job site.

PROTECT

Exhausts warm exhaust air away from indoor settings while providing cool, fresh air.

WITHSTAND

PE fabric is highly durable and resistant to tears. PVC Wear strip prevents abrasive wear from perforating/damaging the duct.

RESIST

Advanced PE fabric resists UV rays, will not deteriorate or discolour over time. Flame resistant, water repellent, mold and mildew resistant. Both tile and duct meet Pass FR Testing to NFPA-701 standards

FIT

Available in 12", 16" diameters with a 24"x24" ceiling tile duct.

DELIVER

Special coating reduces the internal coefficient of friction improving flow rate. Delivers the maximum volume of air to where you need it. Fitted ceiling tile gives professional look to temporary or long term installations.

GEAR INFORMATION:

Collar Configuration	Diameter	Length	Tile	Product number
Belted Cuff	12"	8'	24"x24"	451168
Belted Cuff	16"	8'	24"x24"	451169
