

NORSEMAN DUCT ACCESSORIES AND ADAPTERS

DUCT ACCESSORIES AND ADAPTERS. ADAPT YOUR DUCT SYSTEMS TO ANY APPLICATION.

When we design our gear, we are always thinking about our customers and trying to problem solve for their situations. Norseman's Heat Duct Accessories include a lineup of "WYE" Connectors allowing for the redirection of air into multiple paths while our Elbow Adapter assists with turns and corners. Enlargers and reducers give you a way to change the diameter of your duct opening, giving you the ability to customize to almost any demand.

Duct Accessories and Adapters are *GEAR2PERFORM*.
